SPANISH OPPORTUNITIES, a Sub-Fund of ABANTE GLOBAL FUNDS

CLASS C EUR (Accumulation) LU1121307729

Management Company: Abante Asesores Gestion SGIC, S.A.

Objectives and investment policy

OBJECTIVE

The Sub-Fund aims to provide long-term capital growth, principally through investment in Spanish equity securities.

BENCHMARK INDEX

The Sub-Fund is actively managed through discretionary investments. The Sub-Fund is not constrained by a benchmark.

INVESTMENT POLICY

This Sub-Fund will invest at least 75-100% of its total net assets in equities and equity-related securities which are mainly issued by issuers having their registered offices in Spain and listed on a recognized stock exchange or dealt on another Regulated Market. The Sub-Fund will focus on securities that are undervalued by the market but without preference for any particular sector.

Neither will preference be given to the level of capitalization of the companies.

The rest of the total net assets will be invested in fixed income (preferably in public issuers), cash, deposits and money market instruments.

The Sub-Fund may use financial derivative instruments for hedging and investment purposes.

The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Shareholders may redeem shares on demand, on each Business day.

Recommendation: this Sub-Fund may not be appropriate for investors who plan to withdraw their money within 3-5 years.

Non-distribution shares: any income generated by the Sub-Fund is reinvested.

Please note that transaction costs may have material impact on performance.

Risk and reward profile

---	---	---	---	---	---	---

Historical data used may not be a reliable indication of the future risk profile of the Sub-Fund.

This category is not guaranteed to remain unchanged and may shift over time.

The lowest category does not mean a risk-free investment.

This indicator is based on the historical volatility of the reference portfolio over the past 5 years and places the Sub-Fund in this category.

This Sub-Fund was categorised in risk class 7 because, in accordance with the investment policy, the value of the investments may fluctuate very sharply. Consequently, both the expected return and the potential risk of loss may be the highest.

The risk category has been determined using the maximum risk limit allowed for this Sub-Fund.

The Sub-Fund doesn't offer any guarantee or protection.

The following risks may be materially relevant and may not be adequately captured by the synthetic risk indicator:

Equity risk: The value of equities and equity-related securities can be affected by daily stock market movements.

Use of derivatives: Derivatives are used for investment purposes and contribute to obtain, increase or reduce exposure to underlying assets.

Currency risk: The risk that an investment's value will be affected by changes in exchange rates.

Credit risk: The Sub-Fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations. The credit rating and risks associated with such securities can change over time and therefore affect the performance of the investments.

Liquidity risk: Liquidity risk exists when particular investments are difficult to purchase or sell. This can reduce the Sub-Fund's returns because the Sub-Fund may be unable to transact at advantageous times or prices. This can be the result of shocks of unprecedented intensity and severity such as but not limited to pandemics and natural disasters.

Counterparty risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments may expose the Sub-Fund to financial loss.

Operational risk (including safekeeping of assets): The Sub-Fund may experience material losses as a result of technology/system failures, human error, policy breaches and/or incorrect valuation of units.

Charges

The charges you pay are used to pay the costs of running the Sub-Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
